ACCELERATED PATHWAYS IN INDUSTRIAL ENGINEERING

BSIE-MSIE & BSIE-MEngEM

WHAT IS IT?
• Double-count up to 12 graduate credit hours towards BSIE and Master’s degree
• Pay undergraduate tuition for double-counted courses while in BSIE
• Start as early as the Junior year; rolling admission until the final year in BSIE
• No addition of time to your BSIE degree
• Non-binding; student decides to continue or not into the Master’s program upon completion of BSIE

WHY SHOULD I DO IT?
• Finish the Master’s degree within 1 year after BSIE
• Become eligible for financial support during the Master’s program
• A Master’s degree may lead to
  – Potential pay increase by $10,000-$20,000 compared to BSIE
  – Quicker advancement in their career
• Top companies prefer a graduate degree

AM I ELIGIBLE?
• Have you completed 60+ hours towards Bachelor’s degree?
• Have you completed 10+ credit hours in IE courses?
• Are you currently enrolled in, or have you previously completed IE 360?
• Do you have a GPA of 3.3 or better?

WHAT ARE MY NEXT STEPS?
• Meet with SSoE advisor first.
• Meet the Master’s program directors for MSIE and MEngEM.
• Jointly prepare a Plan of Study
• Maintain above 3.0 in double-counted courses while in BSIE
• Upon completion of BSIE, complete an application through Graduate School for MSIE or MEngEM program

• Double-count 12 cr hrs while in BSIE
• Finish masters degree within 1 year
• Enjoy a higher pay than BSIE
• Rise quickly on the corporate ladder
